This is a screenshot of the dynamatic app interface, specifically the 'Widgets Create' section. The sidebar on the left lists various app features. The main area displays two widget configurations: 'User product' and 'Template title- Gift'. Each configuration includes a preview image, a list of notes, and a list of selected page types. A red arrow points to a badge image within the 'User product' configuration, with the text 'This is a badge image' written next to it. At the bottom of the screen, there is a navigation bar labeled 'demo Product based widgets 1-sk'.

5. The load more button only appears when there are more widgets.

Before Search-

The screenshot shows the 'Widgets Create' interface for a Shopify store named 'dnqa-1'. On the left, there's a sidebar with various sections like Dashboard, Cart Themes, Analytics, Orders, Campaigns, Widgets (which is selected), Audiences, Feeds, Settings, Tools, What's New?, and Upgrade. The main area is titled 'Widgets Create' and shows two widgets: 'User product' and 'demo Product based widgets 1-sk'. The 'User product' widget has a badge image of an Instagram logo. A red arrow points to this badge with the text 'Before Search this widget, the badge image is appearing.' Below the badge, there are several filter checkboxes. The 'demo Product based widgets 1-sk' widget also has a badge image, which is visible.

After Search-

The screenshot shows the 'Widgets Create' interface after a search has been performed. The sidebar and overall layout remain the same. However, the badge image for the 'User product' widget is now missing. A red arrow points to the badge area with the text 'The badge image is not showing.' The badge image for the 'demo Product based widgets 1-sk' widget is also missing.

14. Widget CMS Hero section/category/widget -> title/description => there is no validation for the maximum character limit

Priority- High

Severity- Major

Status- Open

Assigned By- Imran

Impact of not validating-

The screenshot shows the 'Widget CMS' section of the Dynamatic Portal. On the left is a sidebar with links like Dashboard, Stores, Installation, Widgets, Email Settings, and Widget CMS. The main area has three tabs at the top: 'Create widget', 'Create section', and 'Create category'. Below is a table titled 'All Sections' with columns '#', 'NAME', and 'Actions'. One row is highlighted with a red border: '# Hero Content Will Appear Lorem ipsum dolor sit amet, consectetur adipiscing elit. Aenean commodo ligula eget dolor. Aenean massa. Cum sociis natoque penatibus et magnis dis parturient montes, nascetur ridiculus mus. Donec quam felis, ultricies nec, pellentesque eu, pretium quis, sem.'

15. Hero section CTA button=> there is no validation for the maximum character limit.

Severity- Major

Status- Closed

Assigned By- Imran

The screenshot shows the 'Widgets Create' page under the 'Widgets' section of the dashboard. The left sidebar includes links for Dashboard, Cart Themes, Analytics, Orders, Campaigns, Placements, Widgets (selected), Audiences, Feeds, Settings, Tools, What's New?, Upgrade, and App User Guide. The main area has a 'this is hero section' heading with a large text input field containing placeholder text. To the right is a 'NEW WIDGET PUBLISHED' card for a 'Gift Card' template, which includes a description and a configuration interface. A red arrow points from the hero section input field towards this card. At the bottom, there are sections for 'Selected : 0', 'Pages' (with checkboxes for Webpage, Cart page, Checkout, Post purchase, Thank You, and PDP), 'Pick a template' (with a search bar), and 'Thank You Page Widgets'.

16.Category/Widget -> The inactive/Delete widget is still showing on the widget dashboard.

Steps-

- Inactive/Delete any widget from the portal
- Refresh the Widget dashboard page
- Search the inactive widget

The screenshot shows the 'Widgets Create' interface. On the left, a sidebar menu includes 'Dashboard', 'Cart Themes', 'Analytics', 'Orders', 'Campaigns', 'Placements', 'Widgets' (which is selected), 'Audiences', 'Feeds', 'Settings', 'Tools', 'What's New', 'Upgrade', and 'App User Guide'. The main area has a header 'Widgets Create' and a sub-header 'Widgets Overview'. It features a preview window showing a tiered bar template with various product cards. Below this is a search bar with the placeholder 'Pick a template' and a magnifying glass icon, which is also highlighted with a red border. To the right of the search bar is a 'Available : 79' button. Further down, there are sections for 'Selected : 0', 'Pages' (with options like Webpage, Cart page, Checkout, Post purchase, Thank You, PDP), and 'Test' (with numbered items 1 through 5). A live chat window in the bottom right corner says 'Let us know if you have any questions! 😊' with buttons for 'I have a question' and 'No, thanks'.

In Figma, the gap is 10px. Try to maintain the padding 10- 14px max.

Figma design=> Most Popular Widgets

The image displays three Figma wireframes for payment widgets, each featuring a header, a main content area, and a footer with deployment options.

- Product Recommendation:** A grid of four items labeled "Similar Styles". Each item includes a small image, a title, a price, and an "Add to cart" button. Below the grid is a section titled "Product Recommendation" with the subtext: "Customizable payment widget with icon library for merchant preferences." It includes four deployment checkboxes: "Web" (checked), "Checkout" (checked), "Cart" (checked), and "Post purchase" (unchecked).
- Collection Stories:** A grid of six items labeled with icons: T-shirts, Shoe, Shirts, Bags, Belt, Headphone, and Watch. Below the grid is a section titled "Collection Stories" with the subtext: "Customizable payment widget with icon library for merchant preferences." It includes four deployment checkboxes: "Web" (checked), "Checkout" (checked), "Cart" (checked), and "Post purchase" (unchecked).
- Interstitial Upsell:** A card for a "Men Slim Formal Blazer" with a price of \$138. It includes sections for "Save more when you switch to this customer favourite", "Select size", "Subscribe and save 10%", "Deliver every", "Select days", and "Days". Below the card is a section titled "Interstitial Upsell" with the subtext: "Customizable payment widget with icon library for merchant preferences." It includes four deployment checkboxes: "Web" (checked), "Checkout" (checked), "Cart" (checked), and "Post purchase" (unchecked).
