The screenshot shows the 'Design Templates' section of the Dynamic theme editor. On the left, there's a sidebar with various theme-related options like 'All Themes', 'Analytics', 'Orders', etc. The main area shows a list of cart templates: 'Default Cart' (with a note 'No description available!'), 'test' (with a note 'false...'), 'Product Based widgets.' (with a note 'No description available!'), and 'Cart Temp 1-test' (with a note 'No description available!'). Below this, it says 'Showing 4 of 4 cart templates'. In the center, a modal window titled 'Create template' is open. It has fields for 'Title' (containing a single space character) and 'Short Description (Optional)' (empty). There are 'Close' and 'Continue' buttons at the bottom. The 'Title' field has a red border around it, indicating an error.

3. The continue button is enabled if the user enters only a single space in the title input field

The screenshot shows the 'Design Templates' section of the Dynamic platform. On the left, there's a sidebar with various menu items like Dashboard, Cart Themes, Analytics, Orders, Campaigns, Placements, Widgets, Audiences, Feeds, Settings, Tools, What's New?, and Upgrade. The main area is titled 'Design Templates' and shows a list of cart templates. One template, 'a3', has its description field highlighted with a red box, and an error message is displayed: 'Short Description (Optional) - Your short description must be less than or equal to 100 characters'. Below this, there are sections for 'Default Cart' and 'Product Based widgets', both of which have 'No description available!' messages. A modal window titled 'Create template' is open, showing a 'Title' input field and a 'Short Description (Optional)' input field, which also contains the error message. At the bottom of the modal are 'Close' and 'Continue' buttons.

The screenshot shows the dynamic theme editor's 'Cart Designs' section. The left sidebar is identical to the previous screenshot. The main area is titled 'Cart Designs' and shows a 'Cart Customization' panel for 'test cart in dev'. Under 'Cart Localization', there is a 'Cart header' section with two input fields: 'Header (left) : title' containing 'adada' and 'Header (right) : title' containing 'adad'. A red box highlights the 'adada' text. To the right is a 'Cart slideout' preview. The slideout displays a purple background with a purple border. Inside, there are product cards for 'GIFT Card' and 'The Compare at Price Snowboard'. Below the products is a 'Subtotal' section showing '\$355 \$400' and buttons for 'Checkout' and 'Continue Shopping'. A red box highlights the 'adada' text in the slideout header.

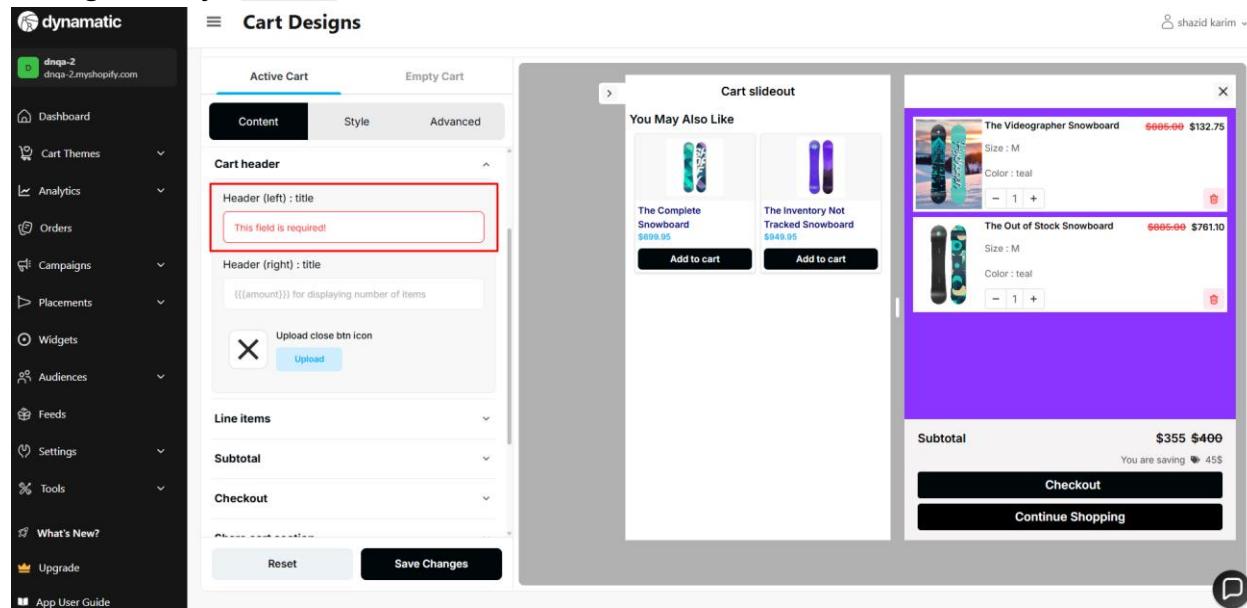

9. When the header is empty, a validation error message appears. However, the cart can still be saved, which should not happen

The screenshot shows the 'Cart Customization' section for a Shopify store. On the left, there's a sidebar with various app settings like Analytics, Orders, Campaigns, and Widgets. The main area is titled 'Cart Designs' and shows a preview of a cart slideout. In the preview, there's a section for 'You May Also Like' with two items: 'The Inventory Not Tracked Snowboard' and 'The Videographer Snowboard'. Below this is a 'test cart 1' section showing a single item: 'Gift Card' (Size: XXL, Color: yellow) with a price of \$2.90. The cart summary shows a subtotal of \$400, a discount of -\$45, and a final total of \$355. There are 'Checkout' and 'Continue Shopping' buttons at the bottom.

The screenshot shows the Dynamatic app's dashboard with various sections like Dashboard, Cart Themes, Analytics, Orders, Campaigns, Placements, Widgets, Audiences, Feeds, Settings, Tools, What's New?, Upgrade, and App User Guide. The main area is titled "Cart Designs" and has tabs for "Active Cart" and "Empty Cart". Under "Active Cart", there are sections for "Content", "Style", and "Advanced". The "Content" section contains a "Cart slideout" configuration with a warning message: "To use widgets on Active Cart Slideout Zone please enable the empty cart slideout option. And make sure to use widgets on active cart slideout zone to view the active cart slideout." It includes toggle switches for "Enable active cart slideout" and "Auto open cart slideout", and a dropdown for "Cart slideout delay (in seconds)" set to 1. A red box highlights the "Enable Cart Slideout Heading" toggle switch and its corresponding input field "cart slideout". Below these are "Reset" and "Save Changes" buttons. To the right, a modal window titled "test cart 1" shows a preview of the cart slideout. The slideout displays "You May Also Like" products: "Gift Card" (Size : XXL, Color : yellow) and "The Inventory Not Tracked Snowboard" (Size : XXL, Color : yellow). It also shows a discounts breakdown: subtotal \$400, Dynamic_50/off -\$45, total \$355. The slideout has "Checkout" and "Continue Shopping" buttons at the bottom.
